-

Past Performance

MySchools.nyc

Re-envisioned and digitized the school application and enrollment process to create an accessible experience for families, schools, and admins.

Equity.nyc

Delivered the UX, design, development, and data visualization for the platform that tracks racial and social metrics in New York City.

iPlan Portal

Designed and built a modern digital platform for administrators to create and manage Comprehensive Educational Plans (CEP) for NYC schools.

MyCity

Undertook a user research initiative to inform the design of NYC Business, and created a global design system for the MyCity portal.
